

# CHANGE NOTICE FOR MANUAL

DATE: June 19, 2009

MANUAL: WORK FIRST MANUAL

CHANGE NO.: 2-2009

**TO:** County Directors of Social Services

EFFECTIVE: July 1, 2009

#### I. BACKGROUND

The changes that are addressed in this notice are to provide policy clarification, incorporate updated Federal guidance, and to address additional concerns cited by the Office of Civil Rights. Throughout Manual sections 102, 104 and 111 revisions were made to ensure the individual's right to apply for Medicaid in conjunction with or in lieu of the Work First application for services are upheld. In addition, language was added to these policy sections to make sure policy is in compliance with the requirements of Title IV and the Americans with Disabilities Act (ADA). Local agencies have made significant strides in recognizing and accommodating individuals with disabilities. To further assist with these efforts the following websites are recommended by the Office of Civil Rights; the UPI Toolkit and OCR Guidance on TANF and Disability. The Division strongly encourages local Work First agencies to use the DSS- 8228, Application and Review Documentation Workbook. If a county wishes to develop their own form or to automate the form, they **must** ensure that all of the language and data elements are represented. Failure to do so could result in a monitoring or audit finding. Language was updated throughout the aforementioned sections to ensure policy consistency and to reflect program updates. For ease of use, references to figures and manual sections have been removed and replaced with hyperlinks to the appropriate form and/or manual section on the DHHS Online Publications web site. All through the revised material, there is delineation between citizenship/identity elements. The references now read citizenship/immigration status and a separate notation for identity. Further information regarding these and other changes in the affected manual sections are cited below.
