C. Earned Income Deduction

Twenty percent of earned income is deducted.

D. Maximum Allowable Resource Limits for Non-Categorically Eligible households

1. \$4,250 for FNS units with a member age 60 or older or disabled.
2. \$2,750 for all other FNS units.
3. \$4,250 or more of winnings from gambling, lottery, bingo, or cash prizes, households are no longer eligible for FNS benefits.

E. Dependent Care Deduction

Allow as a deduction any dependent care expenses incurred and payable for a dependent child or adult under the age of 18 and for individuals with disabilities of any age in the FNS unit. Allow activity fees that are associated with the care provided to the dependent that are necessary for the household to participate in the care. Activity fees do not have to be mandatory to be deductible. Examples of activity fees that may be deductible include cost of an art class for an after-school program, additional equipment fees charged for attending sports camp, or the cost of field trips sponsored by summer camps.

F. Excess Shelter Deduction

The maximum excess deduction for FNS unit's without a specified person is \$624 each month. There is no limit for FNS unit's with a specified person as defined in Section 212.02, Specified Person.

G. Homeless Shelter Allowance

Households in which all members are homeless, are allowed a standard or excess deduction for incurred/responsible or anticipated shelter expense. The homeless shelter standard deduction is \$166.81 per month.

Homeless Individual: An individual who lacks a fixed and regular nighttime residence or whose primary nighttime residence is:

1. A supervised shelter designed to provide temporary accommodations;
2. A halfway house or similar institution that provides temporary residence for individuals intended to be institutionalized;
3. A temporary accommodation in the residence of another individual for no more than 90 days;

4. A place not designed for or ordinarily used as a regular sleeping accommodation for people (a hallway, a bus station, a lobby or similar place).

To be eligible for the homeless shelter allowance, a household must be responsible or reasonably expect to incur shelter costs during a month. Homeless households are not eligible for the shelter allowance if not responsible for paying or anticipate paying shelter cost during the month.

5. Document the case with:
- a. The household's status as a homeless household; **and**
  - b. The household is responsible for shelter expenses that entitle it to the homeless shelter deduction during the budget month; **and**
  - c. The amount the household declares is responsible for paying in shelter expenses.
6. Standard verification for homeless shelter expenses:
- a. Statements from employees and volunteers of homeless shelters, halfway houses, etc.
  - b. Statements from individuals who made temporary accommodations available
  - c. Statements from providers of social services

If a household has difficulty in obtaining traditional types of verification of shelter costs, use prudent judgement in determining if verification is adequate.

**Note:** A homeless individual claims to have incurred/responsibility of shelter costs for several nights at a hotel. If costs reported are reasonable, accept this information as adequate and allow the household to use the shelter estimate.

7. No other shelter costs, including the utility standard or telephone standard, may be used if the homeless shelter allowance is used. The homeless shelter allowance also may not be used if the household claims shelter costs that exceed the allowance. Higher or other shelter costs must be handled as a part of the shelter expense deduction in which case, the household may or may not receive an actual deduction.

**Note:** If the Homeless Shelter Deduction is not allowed, then SUA, BUA or TUA may be allowed if applicable.

**360.04 CALCULATION OF BENEFIT LEVEL**

A. General Policy

Use the DSS-1700, Application Worksheet, to manually determine the monthly allotment:

1. When there is a system failure; or
2. To prepare a trial budget. See DSS-1700 instructions in 360.04, D.

B. Income Eligibility Standards

Use the gross and net income eligibility standards to determine the eligibility of the FNS unit. These standards are based on the monthly countable income of the FNS unit and are shown in 360.02, A.

1. FNS unit's without a specified member are subject to the gross and net income eligibility standards.

---

**FOOD AND NUTRITION SERVICES CERTIFICATION**

**INCOME AND RESOURCES**

**FNS 360 DETERMINING BENEFIT LEVELS**

---

2. FNS unit's with a specified person as defined in Section 212.02, **Specified Person**, are subject only to the net income eligibility standard.
3. Categorically eligible FNS units are not subject to the gross or net income eligibility standards.

C. Conversion

1. When appropriate, convert income and expenses to a monthly amount if the income is received or the expense is billed:
  - a. More frequently than monthly, such as weekly or every two weeks; **and**
  - b. They are expected to continue for the entire month.
2. Convert the income and/or expenses to a monthly amount by multiplying:
  - a. Weekly amounts by 4.3; **or**
  - b. Bi-weekly (every 2 weeks) amounts by 2.15; **or**
  - c. Semi-monthly (twice per month) amounts by 2.

D. Rounding Policy

Unless otherwise noted, use standard rounding procedures to round to two decimals (cents).

1. Round down when the third decimal is 4 or less.  
Example:  $\$100.22 \times 2.15 = \$215.473$  round to  $\$215.47$ .
2. Round up when the third decimal is 5 or more.  
Example:  $\$100.33 \times 4.3 = \$431.419$  round to  $\$431.42$ .

E. Instructions for completing DSS-1700

**FOOD AND NUTRITION SERVICES CERTIFICATION**

**INCOME AND RESOURCES**

**FNS 360 DETERMINING BENEFIT LEVELS**

---

27. Multiply line 25 by 30%.

28. Subtract line 27 from line 26. **Round the result down to the whole dollar.**

Example: \$192 - \$30.10 = 161.90, round down to \$161. (Line 29)

All one and two-person FNS units must receive a minimum monthly allotment of **\$23** before proration of the initial monthly allotment.

Refer to Figure 360-1 for an example of a completed DSS-1700, Application Worksheet.

**F. Proration of Initial Month's Benefits**

1. NC FAST automatically prorates from the date of application. In some instances, proration is not applicable. NC FAST will prorate based on how information is entered into the system. The first month's benefits are not prorated when:

- a. Adding a new member to a participating FNS unit.
- b. A migrant or seasonal FNS unit participated in the FNS program for any part of the benefit month prior to the month of application.
- c. An application for recertification is reopened because it is determined that information was provided within the first 30 days.

2. For manual calculations, use the formula in 360.04, F. 3.

- a. Use a standard 30-day calendar month. A FNS unit applying on the 31st of a month is treated as though it applied on the 30th.
- b. When an application is denied because of a FNS unit delay, reopen the application if the FNS unit takes the required action within 30 days of the denial. Consider the month that the application is reopened the initial month. For proration purposes, change the date of application to the date the information is received.

3. Determine manually the amount of the prorated allotment using the following formula.

$(31 - \text{Date of Application}) \times \text{Full Month's Benefits} = \text{Prorated Allotment}$

30

- a. Total days in a month are 31.
- b. Date of application.

---

**FOOD AND NUTRITION SERVICES CERTIFICATION**

**INCOME AND RESOURCES**

**FNS 360 DETERMINING BENEFIT LEVELS**

---

- c. Subtract line b from line a.
- d. Multiply line c. by the full monthly allotment on line 28.
- e. Divide lined by 30. Round down to whole dollars. Result is prorated allotment.

**EXAMPLE:** A FNS unit's date of application is the 18th and the monthly allotment is \$256. The computation is:

$$\begin{array}{r} \frac{(31-18) \times \$256}{30} \\ \frac{(13) \times \$256}{30} \\ \hline \frac{\$3328}{30} \\ \$110.00 \end{array} \quad \text{Prorated Allotment}$$

- 4. If the prorated allotment is less than \$10, issue no benefits for the initial month. If the allotment prorates to zero, **do not deny** the application.
