SUBJECT: Federal Poverty Levels and COLA Disregard
DISTRIBUTION: County Departments of Social Services
Medicaid Supervisors
Medicaid Eligibility Staff

I. BACKGROUND

Federal law requires poverty levels to be adjusted annually on the basis of the Consumer Price Index (CPI). This letter issues the 2018 Federal Poverty Level (FPL) income limit effective April 1, 2018. This policy applies to MAGI and Non-MAGI cases.

When the COLA increase is greater than the Federal Poverty Level, some Medicaid beneficiaries may lose eligibility or move to deductible status. In this situation, the most recent COLA must be disregarded in determining continued eligibility. If the individual remains eligible when the Social Security Administration (SSA) COLA is disregarded, the disregard continues until the beneficiary loses Medicaid eligibility or becomes eligible without the disregard.
